

Ministry Update November 2024

Məlk^wəla Jesus

Ikasala Christmas!

Remember Jesus Merry Christmas!

Greetings once again from the Naknakim Family. We want to report that we are still engaged in supporting the community in times of services, funerals, worship, recreation and are now starting in the area Native Language translation of the Bible so it can be shared further.

We appreciate the continued prayers! I believe North America Indigenous Ministries

has been an important influence for our family over a lifetime. I remembered while attending the latest NAIM staff conference how good God is.

I recalled at the conference how it was decades of ministry by NAIM staff members in the Campbell River that supported my family when I was growing up. Many NAIM staff members shared the wisdom of the Gospel. Through prayer and knowledge of the Holy Spirit, my late mother could share it with my brothers and I.

Today we are continuing in the ministry for the glory of our Saviour. We want to ask for continued prayers for the people as we have needs for those that are in addictions and on the streets. Many of the funerals are for these reasons and we pray that the Holy Spirit come and intervene in lives and help the healing happen. We have

another prayer item and that is for Bible translation to happen in our communities. These are needs such as capacity, technology, training and planning. It is our hope to continue to help our people in this way in Northern Vancouver Island and then across the Native Nations in British Columbia.

Remember our Lord Jesus Christ this holiday season and take care!
